4. [Common problems and their solutions](#)

Enroll for Self-Service Password Reset

Note: You must enroll for the Self-Service Password Reset before you are able to use these methods to reset your password. Please see **Setting up Self-Service Password Reset on your Penn Highlands Account** document for Instructions on enrolling for self-service password reset.

How to reset your password

If you forgot your password, you can use your security info that you used to enroll to reset your password.

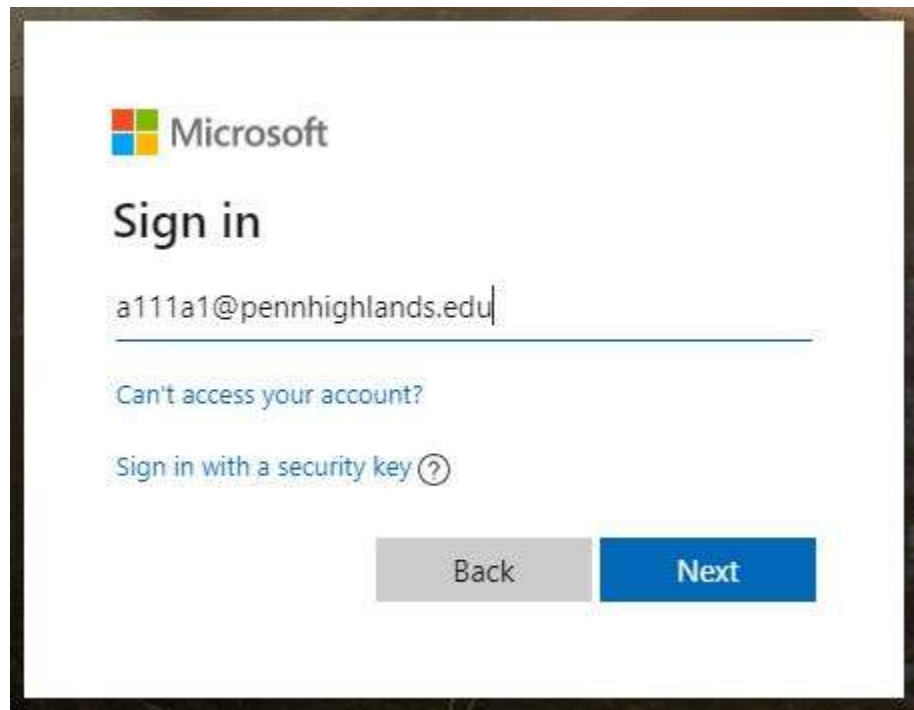

If you know your password and just want to change it, you can go to the [Change your password](#) steps in this article.

If you can't access your Office 365 (Including Schoology, Financial Aid), myPEAK, or network account, it could be because either:

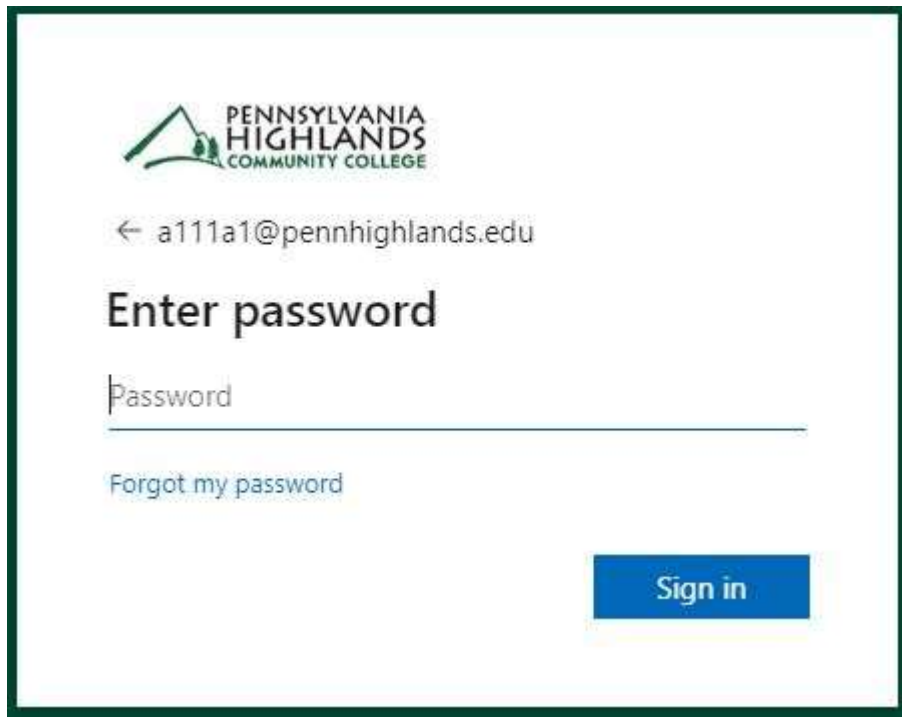

- Your password isn't working, and you want to reset it, or
- You know your password, but your account is locked out and you need to unlock it.

To reset your password and get back into your account through Office 365

1. Browse to <https://office.com>
2. Type in your Penn Highlands email address and click **Next**

3. In the **Enter password** screen, select **Forgot my password**.

The screenshot shows the login interface for Pennsylvania Highlands Community College. At the top left is the college's logo, which consists of a green mountain peak icon and the text "PENNSYLVANIA HIGHLANDS COMMUNITY COLLEGE". Below the logo, the email address "a111a1@pennhighlands.edu" is displayed with a left-pointing arrow. The main heading "Enter password" is centered. Underneath is a password input field with the placeholder text "Password". Below the input field is a link that says "Forgot my password". In the bottom right corner, there is a blue rectangular button with the text "Sign in".

4. In the **Get back into your account** screen, type your Penn Highlands email address, prove you aren't a robot by entering the characters you see on the screen, and then select **Next**.

Get back into your account

Who are you?

To recover your account, begin by entering your user ID and the characters in the picture or audio below.

User ID:

Example: user@contoso.onmicrosoft.com or user@contoso.com

Enter the characters in the picture or the words in the audio.

Next

Cancel

Note: If self-service password reset has not been enabled for your account, you may receive the on-screen message below. Please contact the Information Technology Help Desk at 814-262-6470 or helpdesk@pennhighlands.edu for assistance.

Get back into your account

We're sorry

You can't reset your own password because you haven't registered for password reset.

If you can't sign in, you must [contact your administrator](#) to reset your password for you.

After you can sign in again, [register for self-service password reset](#) to make sure that you're able to reset your own password in the future.

[Show additional details](#)

5. You must now choose one of the following methods below to verify your identity and change your password. You should only need to perform one verification step to reset your password.

Note: Your Penn Highlands account password requires you to have at least 8 characters, that are both upper and lower case, and must include numbers and/or special characters. Your password cannot contain any part of your name, and you may not repeat any of your last 5 passwords.

In order to reset your password, you will need to verify your information. You may verify your information using one of the several ways methods below.

1. [Reset your password using a code from your authenticator app](#)
2. [Reset your password using a text message](#)
3. [Reset your password using an email address](#)
4. [Reset your password using a phone number](#)

Reset your password using a code from your authenticator app

Accepts a random code provided by your authentication app.

1. Select **Enter a code from my authenticator app**, and then select **Send Notification**.
2. Open your authenticator app, type the verification code for your account into the box, and then select **Next**.

Get back into your account

verification step 1 > choose a new password

Please choose the contact method we should use for verification:

☐ Email my alternate email

☐ Text my mobile phone

☐ Call my mobile phone

☒ Enter a code from my authenticator app

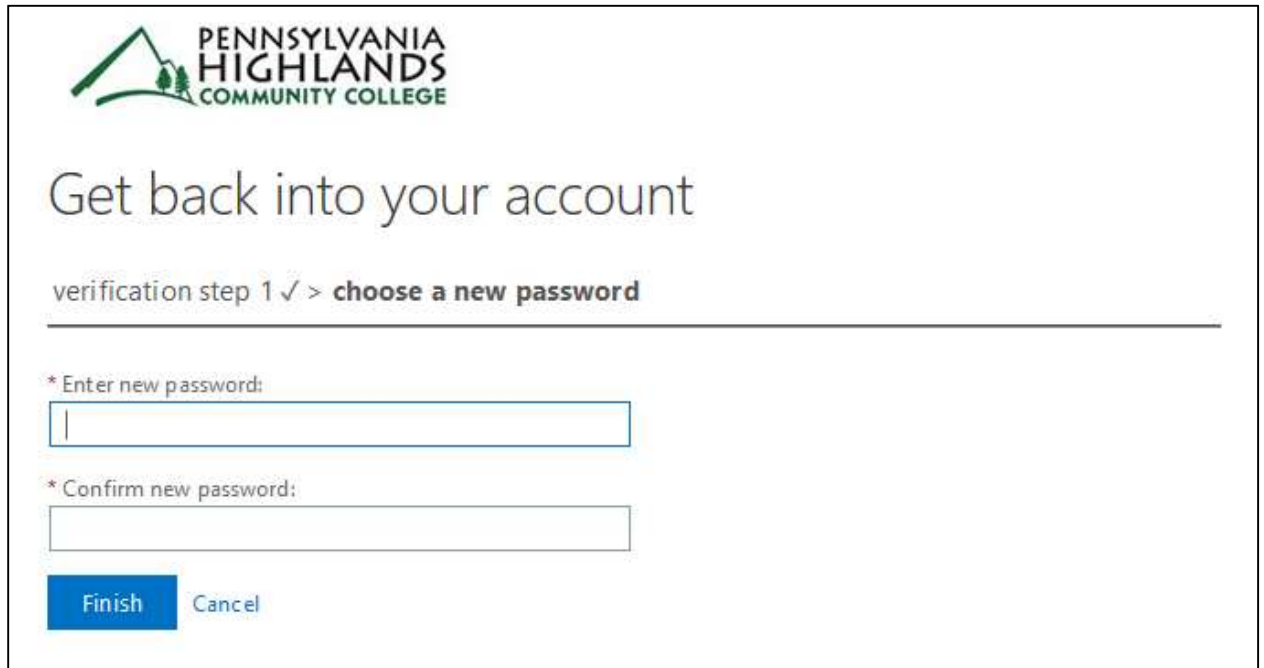

Enter the code displayed in your authenticator app.

Cancel

3. Type and confirm your new password, and then select **Finish**.

The screenshot shows the Pennsylvania Highlands Community College logo at the top left. Below the logo, the heading "Get back into your account" is displayed. Underneath the heading, the text "verification step 1 ✓ > choose a new password" is shown. A horizontal line separates this header from the input fields. There are two input fields: the first is labeled "* Enter new password:" and the second is labeled "* Confirm new password:". At the bottom of the form, there are two buttons: a blue "Finish" button and a light blue "Cancel" button.

4. After you get the message saying that your password has been reset, you can sign in to your account using your new password.

Reset your password using a text message

Sends a text message to the phone number you previously set up in security info. Select **Text my mobile phone**, type your phone number, and then select **Text**.

Get back into your account

verification step 1 > choose a new password

Please choose the contact method we should use for verification:

☐ Email my alternate email

☒ Text my mobile phone

☐ Call my mobile phone

☐ Enter a code from my authenticator app

In order to protect your account, we need you to enter your complete mobile phone number (*****96) below. You will then receive a text message with a verification code which can be used to reset your password.

Note: If you need assistance during any step of this process, please contact the Information Technology Help Desk at 814-262-6470 or helpdesk@pennhighlands.edu.

After resetting your password, you might get a confirmation email that comes from an account like, "Microsoft on behalf of Pennsylvania Highlands Community College." If you get a similar email, but you didn't recently reset your password, you must contact your organization's administrator immediately.

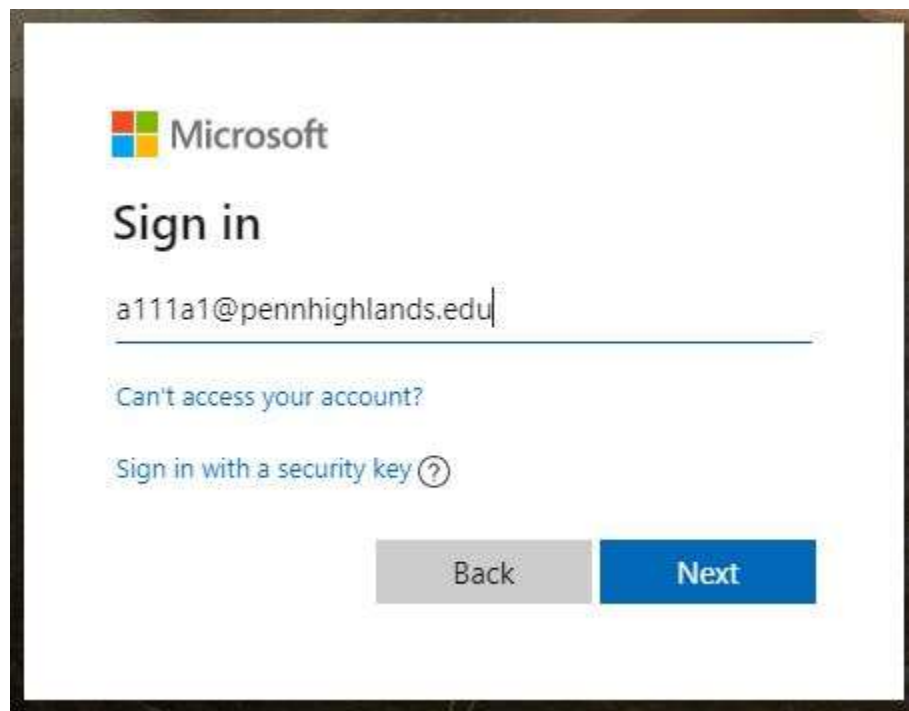

How to change your password

If you just want to change your password, you can do it through the Office 365 portal, the Azure Access Panel, or the Windows 10 sign-in page.

To change your password using the Office 365 portal

Use this method if you typically access your apps through the Office portal:

1. Sign in to your Office 365 Account at <https://www.office.com>, using your existing password.

← a111a1@pennhighlands.edu

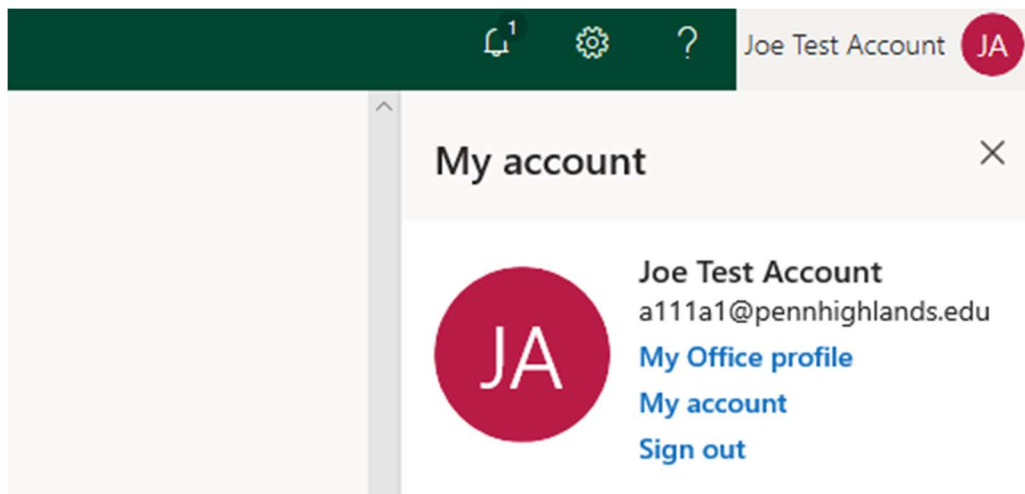

Enter password

Password

[Forgot my password](#)

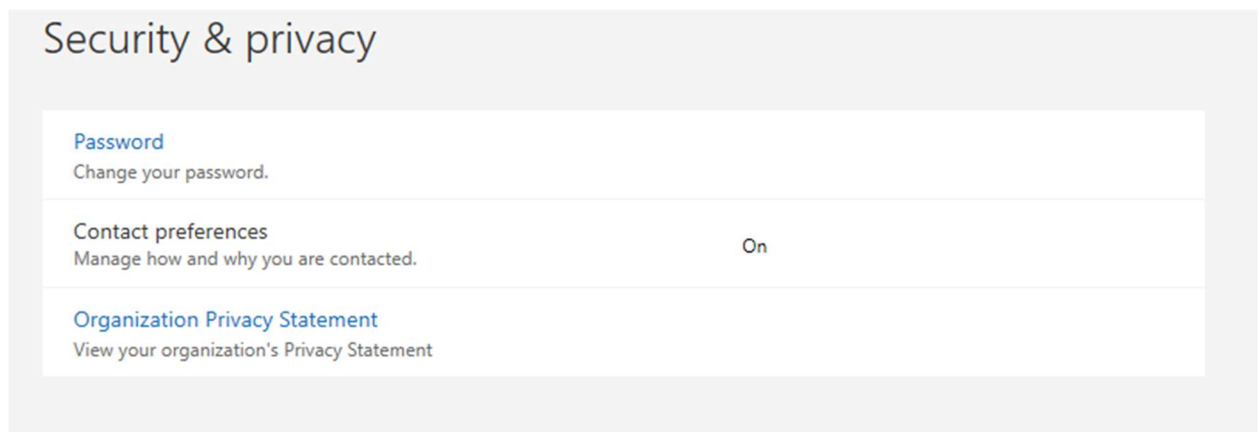

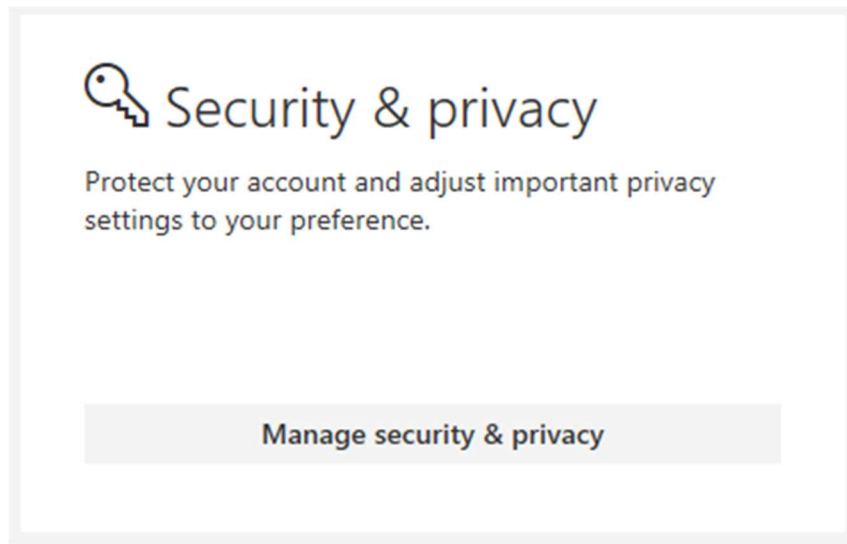

[Sign in](#)

2. Select your profile on the upper-right side, and then select **My account**.

The image shows a user profile dropdown menu. At the top, there is a dark green header bar with icons for notifications, settings, and help, followed by the text "Joe Test Account" and a red circular profile picture with the letters "JA". Below this, the dropdown menu is open, showing the title "My account" with a close button. The menu contains a red circular profile picture with "JA", the text "Joe Test Account" and "a111a1@pennhighlands.edu", and three blue links: "My Office profile", "My account", and "Sign out".

3. Select **Security & privacy**, then Click on **Password**.

4. Type your old password, create and confirm your new password, and then select **Submit**.
