

Pennsylvania Highlands Community College Faculty Recommendation Form for Tutors

Instructions for Tutor Applicants: It is helpful if your faculty recommendation comes from an instructor who taught you in the course that you wish to tutor. However, if that is not possible, you may submit a recommendation from any instructor who had you as a student in a college-level course. Your completed faculty recommendation form should be returned to Mindy Nitch in the Student Success Center along with your Tutor Application form.

Instructions for Faculty: The student who asked you to provide this recommendation would like to become a tutor. A tutor must have a high level of content mastery and excellent communication and interpersonal skills. If you have any questions about this form please contact Mindy Nitch at mnitch@pennhighlands.edu or 814.262.6433. You may submit the form directly to the student or to mnitch@pennhighlands.edu Thank you.

Student's Full Name _____

Faculty Name _____

If not Penn Highlands' faculty, please provide your contact information:

Email _____ Phone _____

Courses the student completed with you. If the course is from an institution other than Penn Highlands, please provide the course title in addition to the number.
